

Case Management Training Programme (Non- Clinical Personnel)

Endorsed by CMASA; Includes 30 credits - INSETA

This programme will equip and empower the healthcare professional with knowledge and skills required to be a case manager. These modules include the skills necessary to achieve continuity of services, quality care and efficient, effective humane resources management. At the exit point, the participant will have an understanding of who they are in context to their role and occupation as a case manager

Module 1
Fundamentals of
Case Management
(incl. Standards of Practice)
R5 450 excl. VAT

Module 2
Medico-Legal within
Case Management
R6 155 excl. VAT

Module 3
Administrative Case
Management
(incl: 30 credits INSETA Skills Programme)
R7 565 excl. VAT

Module 4
Clinical Case
Management
R7 115 excl. VAT

- A minimum of one module can be completed online, over a 6 months period. This includes all assessments.
- Should a student pay for all four modules in advance, a 10% discount will be given.
- CMASA members will receive a further 10% discount for the full programme or per module
- For non-clinically trained individuals: Anatomy & Physiology and Medical Terminology (offered by DUXAH or any accredited service provider), will be a prerequisite to register for the case management modules
- Non-clinical case managers can exit the programme after Module 3 as a qualified Assistant Case Manager
- Subsequent to a period of six months experience in the clinical field and proof thereof, an individual may register for Module 4
- All modules must be completed sequentially
- Exit level after successful completion of all 4 modules – Non-Clinical Case Manager
